⚙️ **NATCOM** as an institute surpasses the ordinary aim of educating for exams. It, in fact, gives a broader effect to the true meaning of education. It gives its students a new and better perspective of the life they will be leading. ⚙️ **NATCOM** is a realisation born from six of its directors coming together. Each letter from ⚙️ **Natcom** represents a particular director. The first letter in their initials constitutes ⚙️ **NATCOM** in letter and spirit. ⚙️ **NATCOM** Education and Research Foundation is a section 25 company duly registered and spearheaded by three merchant Navy professionals namely Capt. N. Nayar, Capt. CL Dubey and Capt. OP Yadav.
